

Received fax advertising "fax advertising" service. Phone number (214-580-0100) given for removal from database does not work (I've tried it numerous times). Form on fax says to fill out and fax back to 214-242-2169. These people have faxed me at work (214-890-9254, 214-890-9278, and at home 214-320-2003). Thank you for your assistance in getting me removed from this list.
